

D and DX series Touch Panel Controller selector guide

We offer a range of wall mounted, touch panel LED controllers designed to fit into a standard single gang wall plate. Options include:

- Choice of mains input or low voltage dc
- 4 Zone dimming
- 4 Zone CT control
- 3 and 4 channel RGB / RGBW
- DMX512 Output
- Wireless RF2.4GHz
- Compatible with hand-held remote controls
- Dimensions: 86x86x36mm

Image	Part No.	Description	Specification
	D1	3-channel touch panel LED controller/driver dimmer. 12~24vdc	Hard wired CV, 4096 grey scale 3 channel 4A/ channel
	DX1	3-channel touch panel LED controller/driver dimmer. Sync control 100 ~ 240vac mains supply	Wireless RF2.4Ghz + DMX512 Use with DMX decoder drivers & remote receiver drivers R4-5A & R4-CC Compatible with V1 remote
	D2	2-channel touch panel LED CT controller/driver 12~24vdc	Hard wired CV, 4096 grey scale 3 channel 4A/ channel
	DX2	2-channel touch panel RGB LED controller/driver. Sync control. 100 ~ 240vac mains supply	Wireless RF2.4Ghz + DMX512 Use with DMX decoder drivers & remote receiver drivers R4-5A & R4-CC Compatible with V2 remote
	D3	3-channel touch panel RGB LED controller/driver 12~24vdc	Hard wired CV, 3 channel 4A/ channel
	DX3	3-channel touch panel RGB LED controller/driver. Sync control. 100 ~ 240vac mains supply	Wireless RF2.4Ghz + DMX512 Use with DMX decoder drivers & remote receiver drivers R4-5A & R4-CC Compatible with V3 remote
	D4	4-channel touch panel RGBW LED controller/driver 12~24vdc	Hard wired CV, 4 channel 4A/ channel
	DX4	4-channel touch panel RGBW LED controller/driver. Sync control. 100 ~ 240vac mains supply	Wireless RF2.4Ghz + DMX512 Use with DMX decoder drivers & remote receiver drivers R4-5A & R4-CC Compatible with V4 remote
	D5	3-channel touch panel LED controller/driver 4-zone dimmer. 12~24vdc	DMX512 Use with remote DMX decoder drivers
	DX5	3-channel touch panel LED controller/driver 4-zone dimmer. 100 ~ 240vac mains supply	Wireless RF2.4Ghz + DMX512 Use with DMX decoder drivers & remote receiver drivers R4-5A & R4-CC Compatible with V1 remote
	D6	2-channel touch panel LED CT controller/driver 12~24vdc	DMX512 Use with remote DMX decoder drivers
	DX6	2-channel touch panel CT LED controller/driver. 4-zone control. 100 ~ 240vac mains supply	Wireless RF2.4Ghz + DMX512 Use with DMX decoder drivers & remote receiver drivers R4-5A & R4-CC Compatible with V2 remote
	D7	2-channel DMX touch panel LED CT controller/driver 12~24vdc	DMX512 Use with remote DMX decoder drivers
	DX7	2-channel touch panel RGB LED controller/driver. 4-zone control. 100 ~ 240vac mains supply	Wireless RF2.4Ghz + DMX512 Use with DMX decoder drivers & remote receiver drivers R4-5A & R4-CC Compatible with V2 remote
	D8	4-channel DMX touch panel RGBW LED controller/driver 12~24vdc	DMX512 Use with remote DMX decoder drivers
	DX8	4-channel touch panel RGBW LED controller/driver. 4-zone control. 100 ~ 240vac mains supply	Wireless RF2.4Ghz + DMX512 Use with DMX decoder drivers & remote receiver drivers R4-5A & R4-CC Compatible with V4 remote
